It was a real pleasure receiving your thoughtful letter and offer of service in our mutual interests with regard to national security.

We are aware of your tremendous following through the medium of your art and are appreciative of your desire to present the truly American way of life. I should like very much to talk to you at any time you visit this area. At that time I could be much more specific as to how you could assist the national interests in your writing and in your travels.

Thank you again for your sincere offer of help.

Sincerely,

A/RH - Sup. 20 June 67
